

LONG NIGHTS OF CAREERS 2026

Organized by UZH
Career Services

NOVEMBER 11th – 12th

**OFFER FOR EMPLOYERS
AT THE UNIVERSITY OF
ZURICH**

THE EVENT

The **Long Nights of Careers** (LNoC) is the largest employer branding event at the University of Zurich (UZH) and our annual highlight in the fall. On **November 11 and 12, 2026**, we will bring together students, doctoral candidates, and postdocs from all faculties with dedicated employers.

Over the course of two evenings, we'll create an open space for discussion, guidance, and new perspectives. In addition to a career fair, the focus is primarily on personal conversations, insights into professional fields, and interactive formats. This is not just about recruiting, but about positioning your organization as an attractive employer.

You engage as an equal, offering inspiration alongside genuine dialogue. Students, doctoral candidates, and postdocs from all faculties gain direct insights into your organization. This is precisely where the strength of the LNoC lies: you connect with talent early on and leave a lasting impression on them as a potential employer.

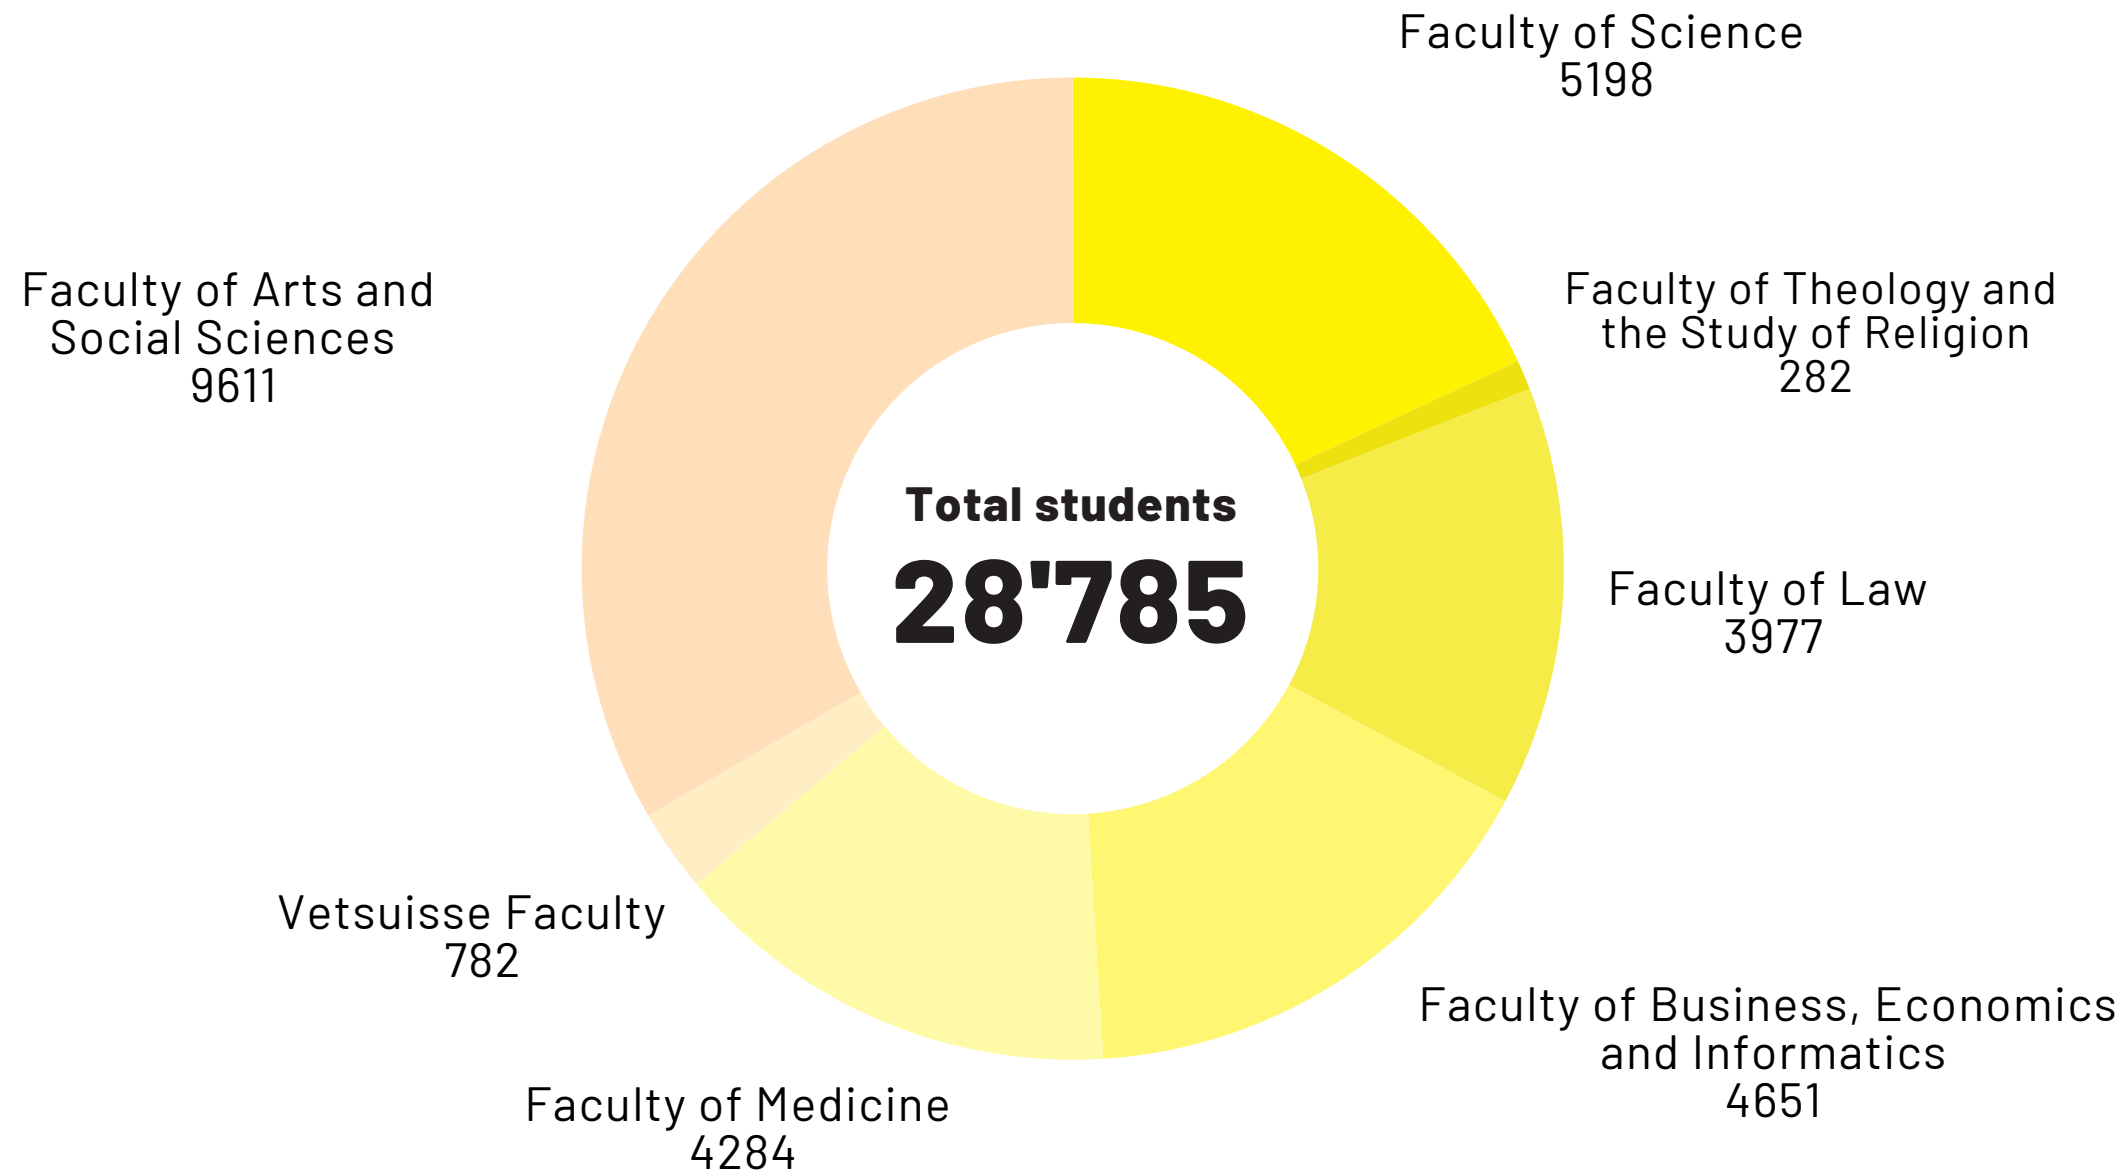

In 2026, we plan to place an even greater emphasis on professional exchange. To support this goal we encourage you to bring not only HR representatives but also specialists from your departments to the LNoC. This way, participants gain direct insights into specific fields of work and can ask their questions directly to those with practical, day-to-day expertise.

We look forward to seeing you there!
